NOTICE

Covered Lawn Bowls Green

We need a safe, tidy and clean environment for users of the indoor green and its surrounding banks.

All bowlers using the indoor bowling green are reminded that all bowls and their own accessories, after use, should be removed by the users from the indoor bowling green and the banks. Bowls should be properly stored in the designated racks in the lawn bowls store rooms on the ground floor of the Sports Building.

Special arrangements will be made, as in the past, regarding bowls for league and tournament matches or special events for Fa Wongs to tidy up after these activities.
